# WE ARE YES-EUROPE

We are YES-Europe - Europe's leading Energy Youth Organization!

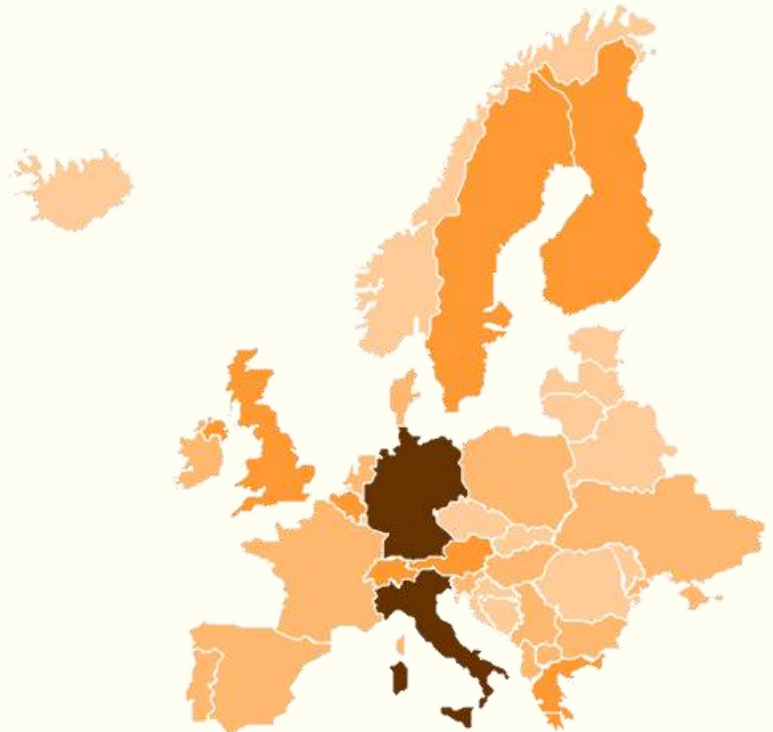

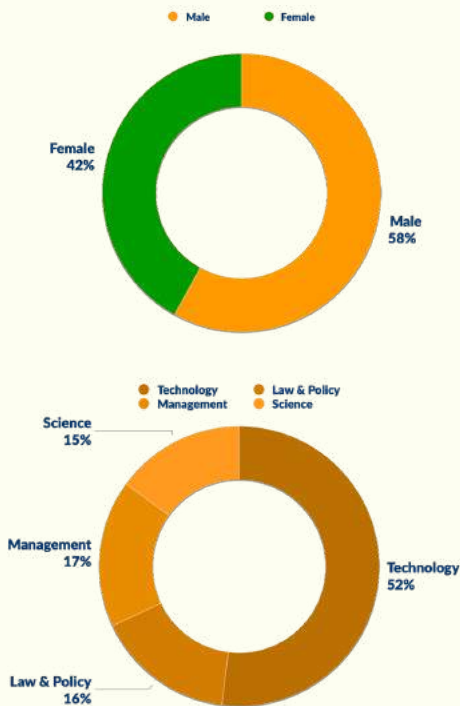

Climate change, digitalization and globalization demand for decisive steps in the transition towards accessible, secure and sustainable energy. Shaping the energy sector of the next decades, the Europe's energy youth are committed to act now to make a difference - as innovative, globally-connected and agile actors.

## Our Vision & Mission

YES-Europe **empowers youth to accelerate the energy transition** through building effective networks, exchanging relevant knowledge, developing key skills while fostering impactful and creative formats.

Since 2016, with now 2000+ community members in 15 countries, we as NGO act on our mission to **catalyze the energy transition by creating the platform for future energy leaders** to develop ideas, build local and international community and execute impactful initiatives.

## Our Community

To continue delivering on our mission, we now embark on a new journey to do more:  
New partners, new formats, more countries, more impact!  
We invite you to support us on our journey!
